

# Product Change Notification

## Synrad Products: 48-1 Series Lasers

**Notification Date:** 13 September 2023  
**Change Notice #:** 004-2023 Rev A  
**Affected Products:** 48-1 Series Lasers  
**Change #:** DA-003461  
**Part #:** 48-1SAN  
**Description:** Switch to torx drive screws on 48 covers  
**Implementation Date:** October 2023

### Description

To ensure continuity of delivery, the Synrad team is changing the screws on the bottom cover of the 48-1 Series lasers from hex to torx drive style. This change allows for the use of torx drive screws (Synrad P/N 712-00632-0513) anywhere the otherwise identical hex drive screw (P/N 712-00632-0511) is currently used.

### Technical Information

**Standard Component:** P/N 712-00632-0511 Hex drive screw  
**Alternate Component:** P/N 712-00632-0513 Torx drive screw

**Standard Component, Hex Drive**

**Alternate Component, Torx Drive**
